

**ST ALBANS DISTRICT COUNCIL TREE WORKS
APPLICATIONS REGISTERED WEEK ENDING 29/01/2021**

Reference: TP/2021/0033 TPO1719

Ward: Harpenden West

Received: 25/01/2021

Proposal: The trees toward the bottom of our garden are on land owned by Railtrack-licensed to us, we are responsible for tree works. We are in a conservation area. In summary we wish to: 1) fell a number of smaller/midsize low amenity trees that appear dead and where branches and/or the tops of the trees have broken off. These are all on a banking alongside a busy road marked with red cross on submitted plan. 2) reduce crown/pollard a number of trees - all having been done previously - because of shading and low amenity value as per 10 black cross marked locations on submitted plan. Trees stand within area A1 of TPO.

**ST ALBANS DISTRICT COUNCIL TREE WORKS
APPLICATIONS REGISTERED WEEK ENDING 12/02/2021**

Reference: TP/2021/0064 TPO 1774 **Ward:** Harpenden North

Received: 11/02/2021

Proposal: The tree in question is identified as T1 on the plan sent to us by SADC dated 3 May 2017, when they were replacing the old TPO7H.
T1 is described in that document as a Sycamore but the tree has in a previous correspondence been described as a Maple.
It is at the very front of the house, between the pavement and the driveway. It is situated next to a street light and when the tree is in full leaf it blocks out the light for some distance.
I would like to get it trimmed to below the height of the street lamp and to have the sides trimmed to keep the shape. The work would be similar to that which was carried out in 2004 when we previously applied for tree work and permission was granted.
